

REMARKS

This paper is submitted in response to the Restriction Requirement mailed June 26, 2007 for the above-identified application.

This requirement was based on the position that the pending claims were directed to two distinct inventions: a surgical tool system; and a control console.

Applicants hereby submit a new set of claims, Claims 97-123. These claims are solely directed to the Group I invention, a surgical tool system.

Accordingly, it is respectfully submitted that the Applicant has responded to the Restriction Requirement.

The title of the application has been amended to reflect the nature of the invention to which the pending claims are directed.

Accordingly, it is respectfully requested that this application now be substantively reviewed.

Respectfully submitted,

July 25, 2007
